

RESTAR FRAMOS TECHNOLOGIES

RESTAR FRAMOS Technologies GmbH, based in Munich/Germany, is an innovative semiconductor distributor providing strong technical expertise, global logistics, and reliable support. Led by seasoned industry experts, we offer tailored customer service and high-quality components from leading Asian manufacturers with excellent availability and competitive pricing.

RESTAR FRAMOS Technologies is fully ISO 9001 certified and serves a broad range of major European customers across industrial, consumer, and automotive sectors.

IMAGING
